DEMYSTIFYING TAX AND ADDING VALUE

August 2022

STAY ON THE RIGHT SIDE OF YOUR TAX OBLIGATIONS

New to tax? Moore Markhams has years of experience guiding people moving from PAYE to what can sometimes be confusing and worrying responsibility of looking after your own tax affairs.

Our aim is simple, to help your business grow and succeed. We strive to not only demystify your tax obligations for you, but also to make a valuable contribution to help your business grow.

We're serious about your success, let us prove it. We offer you a free consultation to set your mind at ease.

We'll cover:

- what the right entity is for you to trade as
- what expenses you can deduct
- what to do about GST
- which tax rate to choose for your schedular payments
- how income tax works
- how much to save for tax payments, and when it falls due
- what records you need to keep
- and any other tax concerns you may have.

Your Moore Markhams team of accounting practitioners provides a wide range of traditional accountancy services, plus specialist advice in key areas. We're here to help your business thrive.

“When I started Catch, I didn't have a business plan, or funding or anything. I've learned what it means to be a company owner and an employer along the way. The team at Moore Markhams helped us transition from MYOB to Xero and learn how to use SmartPayroll.

I've had challenges and had to learn to trust when things haven't gone my way; I've had career-defining moments when I thought I should give it all away, but Moore Markhams advisor Bruce Stormer is a gracious and generous advisor and has been a constant presence throughout.”

Hamish Stevenson, director Catch Design, Wellington
